Hey guys!

So the new site is now live and people are slowly coming back to us!

Question:

What would you like to see on the site?

Three things id like to see are:

+A link to the forum on the top nav bar, im too lazy to go down to THINGS TO DO!

+The 'subscribe' tick box already unticked when you reply to a topic i forget and i find email notifications annoying.

+some other templates/skins whatever fireboard calls them would be nice(if there already there ignore this)

Other than that all is well.

templates and skins are coming with the option to do a myspace type thing on the forums! Watch this space! lol
